Cube

The
EcoHero
Show

Virtual
Presentations

Activities

LET'S TAKE A
RECYCLING
JOURNEY
TOGETHER!

PROGRAM	DESCRIPTION
<p>The EcoHero Show*</p>	<p>Mr. Eco is an environmental hip-hop super hero. The shows are interactive, musical and educational. The virtual shows target grades K-6 and serve the whole school. A school administrator may schedule the entire school for an online show by contacting recycle@glendaleca.gov. To watch previous EcoHero shows, visit Mr. Eco's YouTube Channel.</p>
<p>Discovery Cube*</p>	<p>Discovery Cube has moved educating students to an all-online virtual experience. Program questions can be directed to the City of Glendale at recycle@glendaleca.gov.</p>
<p>Virtual Presentations</p>	<p>City staff will virtually discuss the benefits of composting and recycling in the world today!</p>
<p>Lesson Plans & Activities</p>	<p>City staff offers a list of activities that teachers can pick and choose from! Our choices include activity/coloring sheets, fun recycling/organics crafts, and 2 educational videos to share with your class. Click on the links that interest you and get started. Have fun learning about the interesting facts about recycling, organics and composting.</p>

Also available: [LA County Environmental Defenders \(K-6\)](#) and [Generation Earth Workshops \(K-12\)](#).

*To promote recycling education to as many students as possible, programming with limited spots (Mr. Eco, Discovery Cube) will be spread among schools throughout the district on a first come first serve basis.
